KENT BOOMS PINKHAM WITH LANE AND PRESIDENT, BUT HIS CHOICE IS UNLIKELY

Lane Says He Will Make No Recommendation as to Hawaii Governorship and Matter Is Entirely in Wilson's Hands--Latter Declares Everything Is Uncertain

[Special Star-Bulletin Cable]

WASHINGTON, D. C., July 19 .- The matter of the governorship of Hawall is now entirely in the president's hands, even with the arrival on the scene of a new candidate, L. E. Pinkham. Pinkham's selection is considered unlikely by those in touch with administration affairs.

No recommendation has been made by Secretary of the Interior Lane. Representative William Kent, of California, who is booming Pinkham, has presented him to Lane and the president. The president declares that everything is uncertain. C. S. ALBERT.

FIELD ARTILLERY FULLY EQUIPPED BUT FOR HORSES

The army on Oahu has become used to its "horseless cavalry" but something brand new in organization will be offered soon, when a whole battalion of "immobile field artillery" is added to the land forces. As matters now stand the Fourth Cavalry averages about 45 mounts to 70 men per troop, but this discrepancy fades into insignificance with the arrival of the first battalion, First Field Artillery completely equipped - except for horses to draw the guns.

Batteries A, B and C, of the First are due here on the transport Logan, to arrive from the Philippines the latter part of this month, on a delayed battallon is shifting from one tropical in a reasonable time afterward. station to another, and is coming to a | In one case a bill that was due last Guns, limbers, harness, saddles, — in Now Territorial Auditor Fisher is makfact, all the equipment for the batter- ing arrangements to close up his ac-

been promised by the quartermaster department, and are slated to arrive "in the near future." However, the horse and wagen soldiers here have heard the re-mount fairy tale so often, that they are skeptical that they are skeptical.

If another review is held at Scho-field before the phantom steeds ar-rive, the reviewing officer and specta-tors will probably adjourn to the amusement hall to review the first battalion by means of the "movies". A reel entitled "Gallant batteries of the biennium and held up for want of First going into action" would fit in available funds have aggregated \$75. nicely in rear of the column.

CREDITORS OF THE TERRITORY WILL BE PAID IN TWO YEARS

Several creditors of the territory will have to "whistle" for their bills for the next two years, or until the legislature meets again and sets aside the funds to meet their demands. Such was the statement of the governor to-

This does not mean the territory is bankrupt, because the total amount that must pass over for the next biennium, Governor Frear says, probably will not amount to more than \$600 or \$700, and the reason for the enforced delay is the fact that the appropriations under which these expenditures were made have been exhausted. trip. Organizations returning from Even in these instances, and in some the islands are required to leave their others that may be discovered later, horses behind, and on arrival at the the creditors have only themselves to mainland are at once re-horsed from | blame, for their failure to present the the re-mount depots. Miniature Sugar Mill Planned as Feature of Display on Local Industry

An elaborate exhibit on the sugar industry in Hawaii will be made at the Panama-Pacific exposition by the Hawaiian Sugar Planters' Association, according to plans mentioned at the meeting of the promotion committee yesterday afternoon, and which will be the subject for discussion at a special meeting of the Hawaii Fair Commission next Tuesday.

A miniature sugar mill, every part complete and giving a graphic picture of the handling of the cane and its transformation into sugar, will be a feature of the exhibit, according to plans, which are so far only tentatively outlined.

The experiment station committee of the planters' association is in troops captured an entire brigade of charge of the exhibit and has appoint | Bulgarian troops. ed as an active committee W. H. Babbitt, assistant director of the planters' labor bureau, and the following mempers of the experiment station staff: Director Hamilton P. Agee, Dr. Robert S. HILO, Hawaii, July 18 .- Will Hilo have no postmaster after August 1st? discussed, in view of the fact that Geo. Desha declares he will step down and out of the postal service at the end of this month after twenty years of this captured an entire Bulgarian brigade, including a general and tweive field work, with no more ado than to notify guns. his surety of his intention.

Should he do this, there would be no reason for worry, if it was not for the additional fact that the commission of H. D. Corbett, the new appointee to the Hilo postoffice, has not been received and is not apt to arrive here before the date upon which George Desha will no longer be Hilo's postmaster, but Hawaii's county auditor.

Desha was asked what steps he would take to see that his successor would be ready and qualified to take over the office on August 1st, when he must begin filling the duties of county auditor. "None, other than to notify John Scott, my bondsman, that I will resign - or leave the service - on that date," he said.

Desha says that this is all it is necessary for him to do, basing his contention on a postal regulation which states that in case of death or resignation the sureties shall be notified at

Assuming Control of Police, City's Executive Closes Saloons-Orders Evening
Times Suppressed Unless Proofs
First Submitted to Him-Editor Gets Injunction And Mayor Defies it

[Associated Press Cable] SEATTLE, Wash., July 19 .- Following the anti-I. W. W. rioting last night, in which a mob sacked and destroyed the headquarters of the industrial Workers of the World, Mayor George F. Cotterill today took

charge of the situation and at once began drastic measures.

He assumed control of the police direct, Police Chief Claude Bannock being deposed from final authority. Under Mayor Cotteril's orders all the saloons have been closed and he has absolutely forbidden street

One of his drastic measures was an order for the suppression of the Seattle Evening Times, the principal evening paper, which, it is charged, has aided in stirring up trouble. The mayor issued an order that the paper should not be issued unless the proofs of articles were first submitted to him. The police force was called upon to surround the Times building to carry out the order.

EDITOR FIGHTS ORDER.

Col. Alden J. Blethen, editor of the paper, who has fiercely attacked Mayor Cotterill in the past, retorts to the order that the mayor permitted the red flag to be raised at the I. W. W. street meetings and anarchistic speeches to be made which resulted in the rioting of last night.

Later in the day Col. Blethen obtained a court injunction forbidding the mayor from interfering with the publication of the Times, and he warned the mayor to enforce the order at his peril. The mayor has defled the injunction and told the police to prevent the paper from being issued unless the proofs are submitted to him.

Last night's assault on the I. W. W. was due to a campaign waged by that organization against men of the American navy, who were called upon to desert. Public sentiment against the I. W. W. has been aroused to a high
